

**ZONING BOARD OF ADJUSTMENT**  
**SUPPLEMENTAL APPLICATION**  
**VARIANCE FLOOD HAZARD (FH) DISTRICT**

The applicant is herein made aware that construction performed or activities undertaken through the authorization of a variance to Section 28-3-2, Flood Hazard (FH) District, of the Zoning Ordinance, may result in increased premium rates for flood insurance, and may result in an increased risk to life and property.

The undersigned alleges that the following additional criteria for granting a variance to the Flood Hazard sections of the Ordinance are satisfied, and submits the accompanying written statements, records, photographs, and other materials to justify the granting of the variance to Section 28-3-2, Flood Hazard (FH) District, and to explain how each of the following criteria for the variance is or will be satisfied.

1. The herein described circumstances exist and/or the herein described measures will be taken to insure that this variance will not result in an increase in flood heights, will not result in additional threats to public safety, and will not result in an extraordinary public expense because:

---

---

---

2. The requested variance will not result in increased flood levels within the floodway during the base flood discharge because:

---

---

---

---

3. The requested variance is the minimum necessary, considering the flood hazard, to afford relief because:
